

# Useful Transfer Information

This information is designed to assist you in planning your transfer from Banff Centre, a college, technical institute, private college with accredited degree programs, Athabasca University, Advanced Placement or International Baccalaureate courses.

Information about transferring from one university to another, can be found [here](#).

General information on University Transfer programs can be found [here](#).

1. When you have decided which receiving institution you are planning to transfer to, carefully read its [admission and transfer information](#). You may also wish to visit the institution's [web site](#) for more detailed information.
2. The next page lists the transfer agreements between the sending institution (where you will take courses you wish to transfer) and the receiving institution. Make note of how your planned courses transfer to the receiving institution.

*Please note, if you have already completed post-secondary courses in Alberta, refer to the Transfer Guide corresponding to the year in which you took the courses.*

3. Contact the [post-secondary](#) institution directly for if you have any questions about specific admission and program requirements.

---

The following illustrates how to read the course transfer agreements in Alberta Transfer Guide:

In other words, if you successfully completed ENGL 210 at Red Deer College you know it will be accepted at U of A instead of ENGL 101. Red Deer's ENGL 200 will be accepted as a 6 credit introductory English option at U of A.

---

*REMINDER – Transfer agreements specified in the Transfer Guide may be dependent on the particular program a student wishes to enter. If a student switches to an unrelated program, courses may not be fully transferable.*

## Advanced Placement Courses

The Advanced Placement program was developed and is sponsored by the College Entrance Examination Board, New York, New York. The Advanced Placement (AP) program provides course materials and examinations on introductory courses. Some high schools in Alberta offer some courses in the Advanced Placement program. Students who have successfully completed examinations in the program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More information is available from the Office of the Registrar at each institution. Upon admission to UofA and UofC, all AP students will automatically receive advance standing (credit or placement) in approved courses where they have achieved AP grades of "4" or "5". At UofA, credit or placement granted is determined by the policy in effect for the session to which the student applies, NOT the date when the AP course was taken. At UofL and ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "4" or "5", or of taking the UofL or ACAD course. Where specified credit is not indicated, students with AP credits will be evaluated individually. At all receiving institutions, at least one official AP transcript is required. Advance credit arrangements are in effect at the universities and private colleges with accredited degree programs listed in the following table.

<sup>1</sup> Subject to a portfolio review.

<sup>2</sup> Student will not also receive credit for MATH 249 or AMAT 217 at UofC.

<sup>3</sup> At UofA, students given "Advanced Placement" will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also challenge a junior or senior course for credit via the Credit by Special Assessment route, if they have appropriate qualifications and are eligible within the regulations at.

<sup>4</sup> Credit only in Faculty of Engineering programs at UofC.

<sup>5</sup> Grade of "3" or better at UofL.

## Advanced Placement Courses

---

- <sup>6</sup> Student will receive credit for CHEM 201/203 (6) or CHEM 209 (3) [Engineering] at UofC.
- <sup>7</sup> Students who successfully complete a challenge exam may receive credit for CPSC 231 in lieu of CPSC 215 at UofC.
- <sup>8</sup> Students who successfully complete a challenge exam may receive credit for CPSC 233 in lieu of the half Jr. CPSC at UofC.
- <sup>9</sup> ENGL 199 (3) for Engineering students only at UofA.
- <sup>10</sup> Students may receive credit for only one of ENGL 1xxx and 1900 at UofL.
- <sup>11</sup> Student must take one of ENGL 204 or 205 at TKUC.
